PROPOSAL

Establishment of Standard Composite Skill Lab

A multi-domain, hands-on skill education space for Grades 6–10

MYSKOOL LEARNING PRIVATE LIMITED

To:	**Muhammed fayis, Principal**	Date:	**27 Oct 2026**
School:	**school, Bangalore**	Phone:	**9400411043**
Package:	**Standard Composite Skill Lab – Enquiry**	Email:	**fayismyskool@gmail.com**
Subject:	Proposal to establish a Standard Composite Skill Lab for Grades 6–10		

1. Background & Rationale

CBSE has directed all affiliated schools to establish Composite Skill Labs in line with **NEP 2020** and **NCF-SE**, so that students gain hands-on, multi-sector skill exposure alongside academic learning. This proposal recommends a dedicated Composite Skill Lab — branded **"Skillvation"** — providing hands-on learning across a broad mix of skill domains for Grades 6–12.

2. Objectives

- Provide every student in Grades 6–12 structured, hands-on exposure across multiple skill sectors in one integrated space.
- Build foundational competencies in computing, electronics, robotics and design alongside life-relevant domains such as healthcare, agriculture, apparel and food production.
- Meet CBSE's Composite Skill Lab mandate (Circular Skill-75/2024 & Skill-01/2025) in a cost-effective, single-space model.
- Develop critical thinking, creativity, collaboration and problem-solving through project-based learning.

3. Infrastructure Requirements

- Dedicated space: **600 sq. ft.** (single composite lab) or **two separate labs of 400 sq. ft. each**, as per CBSE guidelines.
- Reliable power supply with safety-compliant wiring, adequate lighting and ventilation.

4. Curriculum Integration

- Aligns with NCF-SE's three "forms of work" and mandatory skill-subject requirement from Grade 6 onward.

- Weekly rotation across domains, with project-based assessment.
- Grade 6–8: foundational exposure across all domains; Grade 9–12: specialisation in one or two domains.

5. Staffing & Training

- Existing computer/science faculty trained as lab coordinators, supplemented by domain resource persons.
- Orientation and safety training for all staff prior to roll out.

6. Expected Outcomes

- Full compliance with CBSE's Composite Skill Lab mandate.
- Measurable improvement in students' practical, vocational and problem-solving skills.
- A distinctive, branded skill-education identity for the school.
- A scalable model that can extend to further grades in a future phase.

8. Quotation — Standard Composite Skill Lab – Enquiry

#	Category	Item / Description	Qty	Unit Price	Total
1	Agriculture and Gardening	**Agriculture & Gardening – Basic Kit**	4	Rs. 2,505.00	**Rs. 10,020.00**
2	Agriculture and Gardening	**Agriculture & Gardening – Basic Consumable**	4	Rs. 2,431.00	**Rs. 9,724.00**
3	Agriculture and Gardening	**Agriculture & Gardening – Basic Lab**	1	Rs. 400.00	**Rs. 400.00**
				Agriculture and Gardening Subtotal	**Rs. 20,144.00**
4	Design Thinking	**Design Thinking + 3D Printer – Premium Consumable**	4	Rs. 3,000.00	**Rs. 12,000.00**
5	Design Thinking	**Design Thinking + 3D Printer – Premium Kit**	4	Rs. 12,800.00	**Rs. 51,200.00**
6	Design Thinking	**Design Thinking + 3D Printer – Advanced Consumable**	4	Rs. 3,000.00	**Rs. 12,000.00**

#	Category	Item / Description	Qty	Unit Price	Total
7	Design Thinking	**Design Thinking + 3D Printer – Advanced Kit**	4	Rs. 12,800.00	**Rs. 51,200.00**
8	Design Thinking	**Design Thinking + 3D Printer – Advanced Lab**	1	Rs. 22,900.00	**Rs. 22,900.00**
9	Design Thinking	**Design Thinking + 3D Printer – Premium Lab**	1	Rs. 58,300.00	**Rs. 58,300.00**
10	Design Thinking	**Design Thinking + 3D Printer – Basic Lab**	1	Rs. 19,200.00	**Rs. 19,200.00**
				Design Thinking Subtotal	**Rs. 226,800.00**
11	ECE (Electronics & Communication)	**ECE (Electronics & Communication) – Basic Kit**	4	Rs. 3,640.00	**Rs. 14,560.00**
12	ECE (Electronics & Communication)	**ECE (Electronics & Communication) – Basic Consumable**	4	Rs. 992.00	**Rs. 3,968.00**
13	ECE (Electronics & Communication)	**ECE (Electronics & Communication) – Basic Lab**	1	Rs. 460.00	**Rs. 460.00**
				ECE (Electronics & Communication) Subtotal	**Rs. 18,988.00**
14	General	**Digital Lab Basic**	1	Rs. 25,000.00	**Rs. 25,000.00**
15	General	**Installation and Transport**	1	Rs. 25,000.00	**Rs. 25,000.00**
16	General	**Curriculum and Training Basic**	1	Rs. 15,000.00	**Rs. 15,000.00**
				General Subtotal	**Rs. 65,000.00**
17	Healthcare	**Healthcare – Basic Kit**	4	Rs. 5,730.00	**Rs. 22,920.00**
18	Healthcare	**Healthcare – Basic Consumable**	4	Rs. 1,210.00	**Rs. 4,840.00**
19	Healthcare	**Healthcare – Basic Lab**	1	Rs. 7,000.00	**Rs. 7,000.00**
				Healthcare Subtotal	**Rs. 34,760.00**
20	Mandatory Equipment – Composite Lab	**Mandatory Basic Lab Equipment**	1	Rs. 130,508.00	**Rs. 130,508.00**

#	Category	Item / Description	Qty	Unit Price	Total
		Mandatory Equipment – Composite Lab Subtotal			**Rs. 130,508.00**
21	Robotics	**Robotics Basic**	1	Rs. 51,825.87	**Rs. 51,825.87**
				Robotics Subtotal	**Rs. 51,825.87**
				Grand Total	**Rs. 548,025.87**

A detailed, itemized budget will be prepared once domain priorities and vendor quotations are finalised. Phased procurement (core IT/electronics first, other domains in subsequent phases) can be considered to spread costs across budget cycles.

9. Conclusion

Skillvation offers the school a structured, CBSE-aligned way to give students hands-on exposure across a broad range of skill domains. We request approval to proceed to the detailed planning and procurement stage.
